*******Terms and Conditions for Purchasing the Futurity Breeding ~ Please read carefully! *******

Almost every futurity has different terms for the sale of the breedings for their association. Please take time to find out exactly what to expect in costs. When we submit a breeding fee for **Repeated In Red**, we subtract from his published fee the inherent costs that make up his total fee; this results in a true "stallion fee" for the Association to use as a basis for the beginning bid or amount owed to the Association. The purchaser will owe a \$350 Booking/Chute Fee and be responsible for Shipping Fees or Farm Charges to be paid separately to DeGraff Stables. Each Association determines the percent of the "stallion fee" plus any office charges to be paid by the mare owner to the Association. All in all, we are pleased to supply the mare owner with the opportunity for a substantial discount for their breeding donation that supports the association and promotes the foals of **Repeated In Red**.
